WORK EXPERIENCE

Zurich North America Schaumburg, IL

Premium Auditor I **Aug 2024-Jan 2026**

- Continued to complete and output OCIP/CCIP audits at a high level of quality and quantity, consistently hitting 105% of monthly productivity goals
- Responsible for applying location-based handling protocols for all completed audits
- Volunteered for cross-functional rotations with underwriting teams, undertaking additional responsibilities such as cession report generation, endorsement issuance, premium invoicing, captive renewal, and other underwriting tasks
- Trained new auditors on best practices, effective inventory management, and provided training on fully leveraging time-saving tips and tricks

Premium Auditor Apprentice **Jul 2022-Jul 2024**

- Obtain payroll records and other documentation from enrolled subcontractors of OCIP/CCIP construction projects, conducting variance analyses whenever applicable, and documenting findings in audit writeups
- Exceeded productivity expectations while simultaneously pursuing certifications and CE opportunities
- Created data visualizations within Access, Excel, and PowerBI to supplement analysis and reporting
- Effectively followed up on outstanding correspondence and action items, achieving excellent time service KPI

TTI Incorporated Schaumburg, IL **July 2019-January 2020**

Branch Logistic Services Coordinator

- Responsible for entering new orders and change orders to in-house systems from customer PO's, ensuring part numbers are 100% accurate to customer spec.
- Support up to three Inside Sales Representatives in a given day with various tasks including; preparing their weekly backorder reports and verifying dock dates of in-transit PO's, compiling and presenting data in an intuitive and digestible package, allowing them to pinpoint high priority orders and action them accordingly
- Meet and communicate with ISR's regarding market volatility within the industry, manufacturer shortages, parts entering obsolescence, and how to properly phase in up-to-date replacement parts across customer base

Creation Technologies Wheeling, IL **November 2018-June 2019**

Procurement Specialist Support

- Contractor position wherein multiple reports which were relevant to logistical function of business unit were managed, including Purchase Order Action Report, Global Item Analysis Report, and Sales Order Pegging Report, earning frequent praise from superiors with the degree of rigorous detail achieved
- Coordinated with suppliers to ensure data integrity on internal component database, averaging 3 additional revisal updates per month relative to prior employee in this role
- Ensured data alignment on various components attributes within Oracle, enabling more informed decisions to be made production-side
